NO CAUSE FOR FEAR

The word "revolutionary," used by the Earl of Athlone, is not to be feared. The governor-general calls for a "revolutionary peace," a peace of great changes. He explains: "It means we must place greater emphasis on the things of the spirit and less on material wealth. We must see that our economic system is adjusted to the requirements of the consumer rather than to the producer. We must see that our social services are organized to produce an increasingly high minimum standard of living throughout the world."

How these changes will be brought about none of us knows. The co-operative, a form of business organization that fits into the competitive system but which identifies the interests of the merchant and the consumer, the manufacturer and the consumer, can contribute greatly to the second of the three quoted objectives of the governor-general. Co-operatives do not grow like mushrooms, however, and government controls, similar to those which now direct the war effort, are likely to play a large part in the post-war effort (if it is to be made) to make production fit consumption and production fit needs.

The Earl of Athlone's post-war world is not to be feared. Even if it should mean heavy taxation and interference in business that before this war would not have been welcomed, everybody will probably be happier. There should not be the same opportunity to make a fortune or the same opportunity to starve, but the starving man never was happy while he could see others earning more than they knew how to use and the fortune-maker never was happy while he could see people starving.

The only post-war development to be feared is that there may not be "revolutionary changes."

A WORD ABOUT OURSELVES

The Era and Express asks the public's co-operation in meeting the difficult conditions presented by the war. In spite of the recent amalgamation there is barely enough staff available to produce the newspaper and the commercial printing required by the public. The public can help by sending in newspaper copy earlier than in the past and by anticipating as far as possible commercial printing requirements.

One of the strongest town weeklies in Ontario, the Amherstburg Echo, printing eight pages instead of its usual ten or twelve, says:

"We, in the Amherstburg Echo organization, have always prided ourselves on the service we

have been able to give to our customers and to our commercial printing accounts. Due to the fact that our plant is modern in every way we have been able to give service such as is not offered by the average weekly newspaper plant.

"Because of war conditions, short staff and difficulty of procuring stocks, we have fallen down on the high standard of service which we have set up during the past years. This condition is beyond our control and one which we cannot remedy without the help of our customers.

"We would ask for close co-operation in order that we may produce our products as efficiently as possible. Anticipate your printing requirements well in advance and let us have the orders so we will have a reasonable amount of time to fill your needs. If this is done we can plan our plant production in such a manner that every job will be turned out on time. We would also ask advertisers to get advertising copy in early so we can give it our best attention and do away with a bottleneck just before press time. We know that we can expect your closest co-operation in these two important matters."

WHAT OTHERS THINK

CONSCRIPTION OF MONEY

(Smiths Falls Record-News)

Delegates to the convention of the Canadian Legion at Winnipeg on Monday must have had their tongues in their cheeks as they listened to Pensions Minister Ian Mackenzie tell them, as a member of the Legion: "If I had my way the first conscript in Canada would be money."

Mr. Mackenzie is a member of a government which holds more power than has been held by any other government in the history of Canada. In carrying out the demands of the people for an "all-out" war effort, it has legislated by order-in-council on many things affecting the private lives and incomes of the people. There have been few complaints.

If Mr. Mackenzie is referring to the conscription of wealth, he has only to look at the income tax, excess profits tax and other taxes which now affect "wealth" to see what his government is doing. It is in the happy position, politically, that it has conscripted the wealth of the wealthy while lightly passing over the wealth of the masses and, for a considerable time, avoiding conscription of manpower.

The people of Canada would be interested in hearing the pensions minister explain, as a member of the government, what he might mean by "the first conscript in Canada would be money."

TEMPERANCEVILLE NEIGHBORS HONOR BRIDE AND GROOM

Over 100 friends and neighbors gathered at the home of Mr. and Mrs. Norman Rumble at Temperanceville on June 16 to honor Miss Nora Rumble and Mr. Aubrey Lloyd, whose marriage took place on Saturday.

The high esteem in which this young couple are held was shown by the number of beautiful gifts which they received.

Miss Umehara read an address to the bride and groom, and Mrs. E. Paxton presented them with a magazine rack on behalf of the officers and students of the Sunday-school. In appreciation of the splendid work which both had done in the Y.P.U., Emerson Jennings presented them with an end table, Gertrude Henshaw reading the address.

Both the bride and groom have been faithful workers in the activities of the Temperanceville church and community. Their removal to Fergus was a matter of much regret to the gathering, who wished them every happiness in their new home.

Before leaving the Wrigley Co. of Toronto, where she has been employed for six years, Miss Rumble was the recipient of a living-room rug presented by the factory staff, and crystal sherberts and plates presented by the office staff. The office girls also held a crystal shower in her honor. Mrs. C. Rumble held a cup and saucer shower, and other relatives gave a miscellaneous shower.

In spite of the rush of farm work, over 40 people attended the Temperanceville Farm Forum picnic last Thursday. War restrictions were kept in mind by the committee in charge and transportation difficulties were solved by holding the picnic in the neighboring community of Eversley at Eaton Hall farm.

After the delicious dinner was served, there were races for the children, and baseball for the young people. The lucky ticket on the beautiful doll donated by Ray Jennings was sold by the donor himself. The proceeds of the draw went to the Oak Ridge branch of the Red Cross.

CHINA

By Isabel Inglis Colville

I think, until recent years, very recent years, that a great many of us took China for granted. My idea of it, as a child, was a big sprawling spot on a map, where women had long pigtails hanging down their backs, where they ate with chopsticks, and drank tea at all hours of the day and night.

In pictures, they all looked so much alike, that I got the idea that they WERE exactly alike, and it took the war to shake me loose from all the ideas I had cherished for so long.

Admiration for Generalissimo and Madame Chiang Kai-Shek started me on the road to a realization of the tenacity, courage and patience of this great people. Then on Wednesday, June 3, Mrs. Koffend of Newmarket spoke to the Willing Workers on China. She had lived and worked and suffered among them, and she spoke as one who both knew and loved her subject, which was "Women and Missions."

She said the common aims and needs of the democracies were bringing the countries nearer together, and she said that China, which, before her war with Japan, was just a lot of small kingdoms, with nothing in common, had been drawn together by their determination to oust the common enemy. Until the war, the soldier was a hiredling, not a patriot, just ready to fight any place for pay. Now the soldiers are real personalities, admired, and the foundation of the country's structure.

She spoke of the necessity of keeping up missions, even when giving and doing all we can to help win the war. She quoted the English who are giving MORE to missions than before, although taxed, one would think, in such a way as to make this impossible. "If one realized," said Mrs. Koffend, "what missions have done for the women of the east, we would not hesitate to give. From almost the status of a slave, Christianity has lifted women into a new position—they are personalities."

Some good for missions will come out of this war. In China, the church will be more Chinese, they will accept their responsibility in regard to it, without the same amount of outside aid. Just now, Christians in all occupied countries are being tested—tortured and misused—and some will fall under this treatment, but those who can stand the test will emerge strong and great, and ready to give of their best.

Chinese, who accept Christianity, are an object lesson to the rest of us. Their faith is something to be marvelled at.

Mrs. Koffend told us, that in the girls' school where she taught, the girls talked over all their problems, then prayed about them, perfectly sure that their

prayers would be answered, and they were. She said, "We have the FORM of Christianity—they LIVE it."

She spoke of the hospital founded by Dr. Marv Stone, who went in the highways and byways, and brought in patients to be healed and comforted in body, soul and spirit. She told of a Chinese girl who was betrothed to a Chinese lad when a baby. She was taken to live with her future mother-in-law, who went out to work for a Chinese woman who had married an Englishman. She took the child with her, and the family noticed the amazing quickness of the little one, and her desire to learn. They resolved to give her an education, and sent her to the mission school, where she shone in her studies.

When she was 12, her mother-in-law came to claim her. The child was horrified, for she longed to learn, and her future husband was illiterate, and ugly, with no sympathy for women's privileges.

Her friends tried to buy the mother-in-law off, but she, sensing a gold mine, held out for more for the return of the child. At last it went to court, and the girl was freed, and was educated to do grand work.

A Mohammedan child sent to the school, turned Christian, and gave up everything for her faith. No wonder that China is the wonder of the world. If she believes in anything, she sticks!

All-Out Production

Canada's Airpower Takes Right-of-Way

Airpower will win this war... airpower plus navy — airpower plus army — airpower plus total resources.

The Commonwealth Air Training Plan is producing airpower at top speed: 4000 training planes flying a million miles a day from 92 training centres; 5000 more being delivered this year from Canadian factories; soon 25 Canadian squadrons in Britain, more to follow.

This vast programme means literally thousands of additional telephone calls, urgent calls, calls that must get through promptly if the job of fitting wings to Empire is to proceed without delay.

Perhaps your telephone line doesn't carry messages directly concerned with Canada's production of airpower. But avoiding delays on your line helps clear others that do, because yours is part of an interlocking system. So... avoid delays, use Wartime Telephone Tactics and help speed Canada's wartime production.

WARTIME TELEPHONE TACTICS

- BE SURE you have the right number... consult the direct.
- SPEAK distinctly, directly into the microphone.
- ANSWER promptly when the bell rings.
- BE BRIEF. Clear your line for the next call.
- USE OFF-PEAK hours for your Long Distance Calls.

These things may look trifling, but on 6,500,000 daily telephone calls, they are very important.

The Canadian Legion has provided magnificent leadership in this wartime period. It has measured up to every responsibility, just as its scores of thousands of members did in another wartime period. Service to the men of our armed forces is one of its particular fields of activity. The work of the Canadian Legion's war services shines like brilliant sunlight in the midst of our war effort. Its educational, personal, entertainment, and "welcome home" services, to say nothing of its recreation huts, hostels, canteen, and other services, deserve a full share of praise.

The cigarettes made available to the troops last year by the Canadian Legion reached 14½ million. In the realm of organized sport, the Legion in 1941 arranged a total of 26,000 outdoor, and 89,000 indoor, games, which drew a total attendance of three quarters of a million people. The Legion is doing a big wartime job in Canada and overseas, enthusiastically and well.

We appear to be moving forward, though slowly, in the direction of health insurance legislation. There is no chance of its being introduced this session, but preparations are said to be under way to bring it before parliament at its next sitting. The government is evidently taking no chances on getting its fingers burned with a hastily considered bill. Many organizations directly interested in the proposed measure are being consulted and the opinions of groups affected are being sought. When a workable act relative to this important matter is put upon our statute books, it should be another step towards social security for many of our people.

The new minister of justice, Hon. Louis St. Laurent, spoke at length during the mobilization act debate. He comes from Quebec city,

where a big "No" vote was rolled up in the plebiscite. He is, however, supporting the government's amendment to remove territorial limitations of service. His delivery and manner was good, and he held the attention of the house from start to finish. As a maiden effort in parliament, it was away above par. Whether or not he will develop to the point of wearing the mantle of Laurier and Lapointe in the eyes of his native province is just now the subject of active speculation in some quarters on parliament hill.

The galleries of parliament are frequently graced by distinguished visitors from home and abroad. Anna Neagle, brilliant and talented British star of the screen, was an interested listener the other day while the present debate was in progress. Two Liberal bachelor members, as might be expected, figured in the screen star's visit to the Commons. Ian Mackenzie escorted her to the gallery and could be seen pointing out the highlights of the chamber to the distinguished guest, while Joe Bradette, French-Canadian M.P. for Cochrane, delivered, during her brief stay, a very eloquent speech on why he was supporting the amendment to the mobilization act.

The mobilization act amendment debate saw Opposition Leader Hargrave at his best. His speech was short, compared to the prime minister's, but it was singularly effective. His use of a quotation from one of Gilbert and Sullivan's comic operas in satirically answering Mr. King on the plebiscite has been widely quoted in the press. It went something like this: "A marvellous philologist who'll undertake to show

That 'yes' is but another and a neater form of 'no'."

The writing of this article has just been interrupted by a "black-out." The House does not usually sit on Wednesday evenings, so not many members were around. A "stag" dinner given to an eastern Canadian member prior to his marriage was, I am told, in progress at the time in one of the dining-rooms, but the speakers went on without interruption in spite of the inky darkness. One thing is certain, nobody would be able to read his speech, and that must have been all to the good. Only today, a cabinet minister had to be halted by the speaker in the Commons when he continued to read his manuscript. It is encouraging to find that his honor is no respecter of persons when such a rule is to be applied.

Ordinarily the French-Canadian members of the Commons do not occupy much of parliament's time in debate. The debate on the mobilization act amendment has brought quite a number from Quebec to their feet already, with more to follow. So far, the majority of those speaking have opposed the legislation. The contribution of Hon. P. J. Arthur Cardin, erstwhile cabinet minister, was quite emotional in character and not particularly convincing, some of its logic. He has lost much of the "punch" he possessed in former days, largely due to failing health. His portrayal of the French-Canadian point of view clearly indicated the sharp cleavages in opinion which exist in this Canada of ours.

The special parliamentary committee on reconstruction and re-establishment recently opened its session to the Hon. Walter Nash, New Zealand minister to the United States. They appear to be well advanced "down under" in the field of social legislation. Mr. Nash's visit and his graphic description of New Zealand's progress in this direction left a deep impression on those who heard him. In part, he said, "We have built in New Zealand alongside our fighting policy — our war policy — a social security system. The idea behind the social security system is that insofar as a person is unable to care for himself, then it is collective responsibility to see that those things necessary for physical welfare and cultural life are made available to him." This is closely akin to the policy laid down by Churchill and Roosevelt in the Atlantic Charter, where men and women in the world's new order were envisaged as "free from fear and want."

MOVIES

"Roxie Hart," starring Ginger Rogers, opening next Monday at the Strand theatre, has been made for laughs. Burlesquing Chicago in the roaring days when a pretty woman could get a "not guilty" verdict from any jury, it tells the whole hilarious history of "Roxie Hart." When a man confesses to a murder a wide-awake reporter tells the story, and suggests that Roxie let herself be tried for the crime. Learning of the publicity she will gain from the trial and gaining the promise of a vaudeville contract, she agrees to stand trial — for her career's sake.

The top-flight criminal lawyer is hired, the newspapers pick it up as a show, special reporters are assigned, newsmen and radio covets the event. "Roxie Hart" becomes a nation-wide figure. Adolphe Menjou is outstanding as the lawyer who defended Roxie. George Montgomery gives his best performance to date as the cub reporter who believes that Roxie is innocent — and does she hate that!

Excellent support is given by the balance of the feature's cast which includes Lynne Overman, Nigel Bruce, Phil Silvers, Sara Allgood, William Frawley, Spring Byington and Ted North.

In the mystery-comedy, "Blue, White and Perfect," Lloyd Nolan has the starring role of Michael Shayne, the private detective. Featured with Mary Beth Hughes are George Reeves, Helene Reynolds, Steve Geray, Henry Victor and Curt Bois.

Five men went for her in a big way... yet they all had reasons for wanting her out of the way. That is the background of the year's most exciting mystery drama, "I Wake Up Screaming," which is slated to open on Wednesday afternoon at the Strand theatre.

Betty Grable, Victor Mature and Carole Landis have the leading roles in this story of the girl who was taken out of the hash house and made the darling of cafe society.

Carole, despite her sister Betty's protests, agrees to let herself be glamorized by Mature, a promoter, Alan Mowbray, a well-known actor, and Allyn Joslyn, a leading columnist. After she signs a Hollywood contract without her backers' consent, she is found murdered.

Laird Cregar, the detective placed in charge of the crime, seems more interested in putting the finger on Mature than finding the real murderer, especially since most of the clues point to him. The mystery is deepened even more when Betty falls in love with Vic and holds out evidence which makes him look even more guilty.

Feed Quaker Ful-O-Pep Egg Mash and increase production.

The Ful-O-Pep Plan Helps Poultrymen Save up to 30% to 50% on COST OF FEEDING NEW PULLETS

Some have asked why a commercial feed manufacturer advocates a plan of restricted feeding. The answer is simple. By advocating this basic principle in the Ful-O-Pep Rearing Plan, substantial economies are possible to alert poultrymen, and at the same time he can raise a stronger, healthier bird than by limited feeding.

With Ful-O-Pep Chick Starter and Growing Mash—containing the remarkable Vitamin Boost and so exceptionally rich in nutritive value—as a foundation of the Ful-O-Pep plan, poultrymen may complete the growing ration with whole oats and scratch grains, thus saving considerable money.

We believe this to be an important contribution to the practical poultryman's method of operation.

DOWN THE CENTRE

Mount Albert, always a hotbed for softball, especially of the tournament type, came through with a pip of a tournament last Saturday and for six hours under a broiling sun hundreds of spectators cheered and jeered as five teams battled it out for supremacy. The class of ball was as good as in any previous year.

Charlie Cunningham was umpire-in-chief and one or two of the teams didn't care much for his decisions but on the whole he did a good job. The former Newmarket Redman centrefielder has handled hundreds of games since his retirement. Cec. Carpenter, the former Sutton hockey star and this year's coach of the title-winning Greenhills, was Charlie's partner in crime and did a fine job.

Zephyr won the tournament and the twenty bucks but a check on the team found a flock of names that never saw the light of day or the voters' list in the north Ontario hamlet.

"Joel" McComb, the former Aurora hockeyist and softballer, piloted the Zephyr entry and the team was almost entirely that of the National Steel Car team from the Toronto defence league. McComb, who played third base, is utility infielder and second-string hurler for the steelmen in the Toronto league, which for playing ability and big-name stars is the equal of any softball loop in Ontario today. Nobody particularly cared whether or not the team was from Zephyr so long as the ball was high-class and McComb and his mates put on a capital

performance in every position.

The draw saw Richmond Hill get the first-round bye, and Zephyr got the bye to the finals, which meant three games for the soldier laddies from Newmarket camp, who were prime favorites with the crowd. The scores on the day were as follows: Zephyr 9, Unionville 2; Newmarket 6, Camp 11; Mount Albert 6, Newmarket Camp 22; Richmond Hill 12, Zephyr 10; Newmarket Camp 7.

Unionville, the first team to show, presented a pick-up team from the Markham league. Tim, Bates and Jackie Watson, the junior league stars, were from the league-leading high school team. The former two are teachers. Bob Lawrie and Bob Bangay of the junior hockey teams of other years played first and second respectively. Leon McMullen, last year with Richmond Hill, was at third, with Watson at short. The Burns brothers, Heron and Rose, made up the outfield.

Bob Miller, tallest hurler in the district amateur ranks, was on the mound and the former Hill hurler twirled a fair game but his support was none too good. Mount Albert had a team of homebrews augmented by some Sharon players and they made things interesting for a strong Camp team in the first round. "Red" Mitchell was on the rubber with Watts behind the plate and if a few of the soldier hits had been handled properly they would have gone on. Bob Peters, veteran Newmarket and Aurora softballer, was at first with Cameron of Willow Beach at second, and the Eves brothers from Sharon at third and short.

Doug Eves displayed some of the form that delighted the Lake Simcoe fans last year. Breen, Case and Hutchins made up the outfield, with the former pulling off some fine catches. The home folks were naturally a bit disappointed when their boys lost out. "Red" Mitchell is a boy who has been sadly neglected by some of the bigger centres and if given the chance he would go well in higher class ball.

Richmond Hill trotted out a real team of veterans, some of whom were playing their first game of the season. Charlie Proctor, the York Mills schoolmaster, was behind the plate and despite the avoidances looked as good as ever. Teddy Bennett started on the mound but was succeeded by Findlay and Glover. Only a few pitches did he look his old self. Ted has not been able to play regularly this year. Harold Echlin, once the best catcher for miles around, was at first. Ekky, slow afoot, played a fine game at bat and in the field. Altho' out of the age categories he is thinking about signing with the R.C.A.F.

Nels Findlay was at second and on the day's play was one of the best players in the park. He was a star in the field and at bat and hurled a fair relief game. George Hodgins and Charlie Case held down short and third, while another Aurora veteran, Wes Heaney, was in left field. All three are trying hard but were not at their peak performance. Jimmy Crean was at centre and he pulled off his usual number of sensational catches. Don "Lefty" Glover, the Sharon southpaw, was in right field and went well on the mound in a brief appearance.

The Camp have a pretty fine softball team this year, managed by our old friend, Wes Niles. The bespectacled hurler now answers to the name of "Sarge" and took particular delight in trimming the Hill and his rivals of peace-time in the soldiers' second start.

Tarzan Pike, a fireball, is behind the plate and is a capable performer. Last year he was a member of the team which won the Toronto industrial title.

Red Mahaffey, who pitched for Toronto police last year, twirled the win over Mount Albert. He is a big husky lad with a fast ball. Ace of the staff is Cecil Brown, who led Toronto firefighters to the Wendess league title last year. Several of the others can also hurl if need be.

Jack Gorrie, former industrial star, is at first base and one of the niftiest performers afield it has been our pleasure to see. Bernie Gantner, a hold-over from last year, is again at second and Bernard leaves little to be desired by way of class or pep. Jack Vaughan from the C.V.O. league is at short, while Billy Wilson, a veteran performer of yesteryear in Toronto, handles the red-light corner with skill and confidence.

The outfield boasts Axelby, who played senior with a Toronto team last year, Wynsky, who hails from the Soo and was a member of the northern Ontario champs of last year, and Jack Mitchell, from Toronto Aladdins. Last week in the first of the

army playdowns they took the Sports Service League team from the Dentonia senior circuit 2-1, and on Monday of this week they were scheduled to meet either Long Branch or district depot for the right to go to Ottawa for the army semi-finals. If they make the grade, and we think they will, they have a fair chance to cop the title.

Defence League stars to parade on the diamond for the winning Zephyr team were: catchers, Ray Locke and Casey Bradshaw. Locke had the misfortune to break his wrist in the first game.

Pitcher Don Pringle, who recently bested the famous Cam. Ecclestone in a pitching duel, was on the rubber. Pringle pitched both games and wasn't in any difficulty. Ding Ingoldby and Stacey, both of whom played hockey for 1st and 2nd years in the group, the school league last year, were at first and second. Ingoldby will likely receive a trial with Toronto Maple Leafs this winter. McComb was at third, while Bill Patterson, who played hockey against Aurora for Markham juniors last winter, was at shortstop. In the outfield Sammy Rice, Ray Hulf and Pete Fockingham upheld their end nobly.

That was quite a team to beat in the finals and the Camp, if they had not played one game more than the winners, making it three in a row, might have done the trick. The game was close and well played.

The Lake Simcoe Softball League has been operating for a year through rationing and lack of players. Willow Beach and Keswick have lost most of their players to the army. Sharon and Mount Albert both could field teams but Zephyr lacks material.

Newmarket hardballers are enjoying a splendid season, with the team from the Camp once again having a shade too much class. Up above we gave you some dope on the Camp softball team and quite a few of the lads are also playing hardball. Niles, Wynsky, Wilson, Mitchell, Axelby, Pirie and Gorrie are all with the hardballers and those who come from Toronto have all had experience either at "the Pits" or Earls Court.

Lefty Newbold, who played senior hockey for Niagara Falls the past winter and has had plenty of baseball experience in the Niagara district and northern Ontario senior loops, is the top moundsman, with Gill, who played for the Meaford team, as his assistant. McGregor, Wetstein and Salonika are other experienced performers. Sgt. Morris is looking after the soldier hardballers.

Lieut. Al. Ross, who for a couple of years did a fine job as sports officer at Newmarket, has been transferred to Orillia to the new camp there. Lieut. Ross is an Orillia boy and his place at Newmarket has been filled by Lieut. D. K. Matheson of Toronto, who played hockey with the soldiers last winter and is a former varsity athlete. Looks like the Camp might be going big in all branches of sport this year.

Larry O'Connor, the Cobourg boy who as a member of Varsity and West End Y track teams developed into one of the best hurdlers in the world and won fame at the Olympics, British Empire games and international meets, is at the Newmarket centre and naturally track and field events are looking up. He is a lance-corporal and a recent bridegroom too. About a month ago his father, the late Judge L. V. O'Connor, in his day an outstanding lacrosse and hockey player and more latterly known for his skill as a curler, crossed the Great Divide.

July 1st will find at the camp one of the biggest sporting programs ever seen in North York by the sporting public. A track meet, a softball clash between two of the best Sunnyside girls' teams, hardball, softball clashes against navy and air force teams, will all be on the program.

Aurora presents a sparkling attraction, too, as a prelude to its big Red Cross carnival when the Ontario intermediate title-holders clash with their big rivals in the Toronto industrial group.

Don Wilson, former Newmarket Redmen hockeyist and Aurora and Bradford lacrosse star, is again located in Orillia for the summer and is playing third base for the league-leading town team. Wilson is the leading batter of the circuit.

Ab. Kirby, the ace Collingwood sniper, who was a leading scorer in the intermediate O.H.A. group, has joined the army.

Cliff Ward, who for a good many years was stand-out softballer with Mount Albert and even as late as last year was still receiving all-star rating in the Lake Simcoe league, has enlisted. Cliff is an expert car mechanic and his services will be useful in mechanized warfare.

"Soup" Campbell, who played for Aurora juniors two years ago, is another athlete to join up in defence of his country. He is in Toronto and playing softball for the S.S.L. team who were defeated last week by the Newmarket Camp team. He is the 41st former Aurora junior hockey player to go on active service. There are six former executives who are in uniform too. Outside of Battle Colts we doubt if there is any other junior team within hailing distance of that mark. Several of the boys of other years have volunteered for active service but have been turned down as yet.

On Friday we had a few minor fanning bee with Bruce Leighton, former Orangeville and Toronto lacrosse star, now a referee and a member of the O.A.L.A. executive. He was doubtful if the senior clubs, especially Owen Sound, would be able to finish the season, owing to transportation difficulties. We have mentioned before that centres like Aurora and Newmarket could very well run a kids' league which would provide lots of fun and not be very expensive. Leighton intimated that he thought the provincial association would help out with the sticks if the game got under way again in these parts.

Earl Cook may return north from Beaumont, Texas, where he is playing this year. The reason, however, if it happens, won't be because he's having a poor year but because the whole circuit may fold up because their principal means of travelling is by bus and motor. Chances are, however, if this happens he'll land with one of the minor farm teams of the

E. Gwillimbury Pupils Enjoy Field Meet

Teachers, pupils and parents turned out well and made the East Gwillimbury schools field day, held at Mount Albert Community park on June 12, a huge success.

Inspector C. A. Lapp was in attendance, as well as several school board members. The four flags donated by Garry Thompson of Holland Landing, to the four leading schools in the war savings competition, were awarded at the end of the day by the group convener, Garnet Caster, of Sharon.

The winning schools were as follows: Mr. Blackshaw's school, Holland Landing, 1st, \$131.35; Mr. Caster's school, Sharon, 2nd, \$80; Mr. McGilvray's school, Second St., 3rd, \$70.54; Miss Huggins' school, Ravenshoe, 4th, \$20.

Miss Armstrong's school, S. S. No. 11, won first prize of \$7.50 for the most points in the field day events. Miss Taylor's school, S. S. No. 7, won second prize, \$5, and Mr. Hancock's school, S. S. No. 14, won third prize, \$2.50.

Each of these winning schools is donating their prize money this year to some war work, to be decided by the pupils and teacher concerned. The following is a list of the winning contestants. There was a first, second and third prize for each event and the names are given in that order.

Lieut. T. S. Ronaldson has been named new sports officer for the reserve battalion of the Queen's Yorks and is expected to hand over some equipment to C. company's ball team. Lieut. Doug. Tickner, last year's sports officer, is on active service, as is Jack Hamilton of Newmarket, who was sports sergeant at Niagara camp last year. Lieut. Ronaldson is a keen sportsman.

their stores: Carruthers', Knowles', Wright's, Bell's drug store, Splitt's, Mrs. Eves' and Lyons' meat market.

"Come on, folks, let's fill them up," asks Mrs. H. E. Gilroy, books and games convener.

H. M. Gladman requests anyone who has an old fur coat or old furs to turn them in to him to line jackets for sailors. Several have already been received.

MAIL YOUR APPLICATION CARD FOR COUPON RATIONING AT ONCE!

After July 1st no one will be able to purchase sugar for regular domestic use without turning in a ration coupon.

Application cards for coupon rationing for sugar have now been mailed to every household in Canada. But, in an undertaking so vast, some homes may have been missed, or some cards may have gone astray. So, no matter where you live, whether it is in areas served by letter carrier or not, if your application card is not already on its way to Rationing Headquarters, you should wait no longer.

After filling in the card, according to the instructions on the pamphlet which was delivered with it, just drop the card in the nearest mail box or post office. It needs no forwarding address.

IF YOU HAVE NOT RECEIVED AN APPLICATION CARD you should get one at the nearest Post Office at once.

The ration cards being issued for use July 1st are for sugar only, and good for 10 weeks. At

the end of that period a coupon ration book good for 6 months will be issued. Under the new system of coupon rationing, you are allowed the same

amount of sugar as at present—1½ lb. per person per week. The same provision as at present for

additional quantities for preserving and jam and jelly making will be continued. Special voucher forms for this purpose are being supplied all retailers.

AGRICULTURE MARCHES
WITH OUR ARMED FORCES

Behind the lines where men and women are risking life to defend home
and country, other men and women are toiling to supply the materials of war
—ships, planes, tanks, guns. These manufacturers—management and work-
ers alike—are thus fighting shoulder to shoulder with our armed forces.

But what about the farmers? They are doing a work of equal impor-
tance. They too are marching to battle, by toiling early and late to per-
suade nature to increase food and other essential supplies on which the
issues of the fight so greatly depend. The farmer marches side by side with
the soldier and his armourer.

Farmers who are doing their bit to help Canada's all-out war effort may
find it necessary to borrow money at the Bank. You should not hesitate
to discuss your requirements with our nearest branch manager. Your
business will be regarded as strictly confidential.

MOUNT ALBERT TWO DELAYED, SPORTS DAY IS BIG SUCCESS

The annual sports day has passed, and those in charge were happy as they had a grand day, and a crowd that went up into the thousands by night.

Zephyr came first in the ball games. The team from Newmarket camp was second and Richmond Hill third.

In the old-fashioned costumes Mrs. Walt. Case won first prize and Marion Gibney won second. There was a consolation prize for the others who dressed. The Indian Cavalcade was a work of art, and each one went home with a nice souvenir. In the horseshoe pitching contest, Messrs. King and McShane came first, with Messrs. Hill and Longhurst second. The old famous Punch and Judy show, put on by Russ Creighton, was also enjoyed by old and young.

The band which came from Newmarket camp for the afternoon was much appreciated. There was the usual good concert in the evening, put on by Russ Creighton. The dance on the tennis court was well patronized. Those winning prizes at the dance were: 1st, Joyce Wright, Ballantrac; 2nd, Mrs. J. Davis, Stouffville; 3rd, Fred Stouffville; 4th, Harold Hara, Belhaven; 5th, Max Smith, Newmarket; 6th, Mrs. H. Hayes, Mount Albert; 7th, Mrs. Tess Graves, Cedar Valley; 8th, Jean Thompson, Belhaven.

Norman Brooks won the beautiful spread donated to the Red Cross by Mrs. Carruthers. Mrs. H. Longhurst won the quilt made by Grace Pegg for the Red Cross, and Mrs. E. Spencey won the cushion given by Mrs. H. Brown. These articles made \$75 for the Red Cross fund.

The veterans worked hard at their bingo tent, and their funds for the boys overseas were much better at the close of the evening.

The committees in charge of the day deserved great credit for the fine program. The park board were grateful to Newmarket military camp for the band and ball team, and to all others who so willingly helped to make a grand sports day.

Mr. and Mrs. M. E. Draper, of Dunbarton, and Misses Berta and Myrtle Draper of Toronto spent the weekend at the home of Mr. and Mrs. W. Draper.

Stan. Draper of the Veterans' Guard at Espanola is home on furlough.

The Red Cross was grateful to all those who contributed baking, etc., to their booth on Saturday, and also to the many ladies who came and helped with the work of serving. The proceeds from the booth amounted to about \$67 for the Red Cross.

Mr. and Mrs. Doug. Butler spent the weekend with friends at Lake Simcoe.

Rev. R. V. Wilson will conduct farewell services in the United church on Sunday.

Capt. W. L. Carruthers was home on leave over the weekend.

Mrs. Jessie Williamson of Newmarket is spending a few days with Mrs. Guy Williamson.

The flower beds on the street look so much better after being cleared of all weeds.

Mr. and Mrs. Marshall Lyons of Pickering were at the home of Mr. and Mrs. W. Draper on Sunday.

The students of the continuation school paid a surprise visit to Mr. and Mrs. Butler on evening recently, giving them a gift of silverware, as Mr. Butler is leaving the school.

Marian Dunham of Toronto, who was the small tap-dancer at the sports day celebration, was a weekend visitor at the home of Mrs. J. Oliver.

SOLDIER WEDS AT PRETTY CEREMONY

Rev. Douglas Davis, pastor of Stouffville United church, officiated at a quiet but pretty wedding on Saturday afternoon, at the home of the bride's parents, Mr. and Mrs. David Stouffville, when their younger daughter, Helen Isabel, was united in marriage to Pte. Wm. Belfry Hamilton, elder son of Mr. and Mrs. Philmore Hamilton, Huron St. E., Newmarket.

The bride, given in marriage by her father, had chosen a gown of pale blue lace over tulle, with a sweetheart neckline. Her flowers were sweet peas.

Mrs. F. Nicely of Hamilton, only sister of the bride, was matron of honor, wearing blue and white chiffon, with corsage of white carnations. Mr. Howard Hamilton of Newmarket, only brother of the groom, acted as groomsmen, and during the signing of the register, Mrs. Garfield Hamilton of Markham sang.

Following the ceremony, the bride's mother received, wearing a two-piece navy and white printed silk frock, embroidered in blue, with corsage of pink roses, and was assisted by Mrs. Hamilton, mother of the groom, in hyacinth blue sheer, with matching hat and corsage of sweet peas.

For travelling the bride wore a rust and white printed silk frock, with hand-made hat of the same material, beige wool coat and matching accessories.

A short honeymoon was spent at Port Elgin, Goderich and points in western Ontario, before the groom's return to his unit at Camp Borden.

Carol Christine, infant daughter of Mr. and Mrs. Clare Brown of St. Catharines, and granddaughter of Mr. and Mrs. Hugh Richards, was christened at Aurora United church by Rev. Roy Hicks on Sunday.

POLICE COURT DENIES KNOCKING OFF MAIN ST. HYDRO POLE

Of 62 cases heard by Magistrate W. E. McIlveen in Newmarket police court on Tuesday, 48 were charges for exceeding the speed limit. Nine persons were remanded and five cases were dismissed.

Thirty-one of the traffic violators were Toronto residents, and all but four of those charged were fined \$15 and costs, bringing in some \$475 in fines not including costs.

"For goodness sakes, there's enough fighting in the world. There's a place to fight if you want to fight," Magistrate W. E. McIlveen, in Newmarket police court on Tuesday, admonished Carl, Norman and Garfield Burns of Vaughan township, whom he found guilty of assaulting George A. Gibson, Oak Ridges, in front of the dance hall at Wilcox Lake. The three brothers, who pleaded not guilty, were charged jointly.

"After the dance I came out of the hall," testified the complainant, Mr. Gibson. "I was talking to two girls in front of the hall. All I know is that while I was talking Carl walked up with his two brothers. He said, 'Do you know me?' and I said, 'Yes.' I went on talking to the girls. Norman cracked a dirty remark. I turned around and Carl Burns struck me with his fist."

"Did you do anything to provoke the attack?" questioned Crown Attorney N. L. Mathews, K.C.

"No, he struck me first," replied the witness. Mr. Gibson went on to say that the other two brothers hit him and knocked him down.

The crowd and the police tried

to hold them back but couldn't," he stated.

When called to the witness stand Miss Erma Morning, Aurora, testified that she had been one of the girls conversing with the complainant when the three brothers attacked him. She stated that she saw Carl strike first.

According to Miss Vanetta Maaten, Aurora, she also was talking to Mr. Gibson when Carl struck him. "When he (Mr. Gibson) was down, one of the Burns boys kicked him," she stated.

About 2 a.m. Sunday, June 14, the complainant, George Gibson, came to me to lay a complaint, testified Sergeant Sidney Barracough of the York county police. "He had a lump on his left cheek bone. I advised him to lay his own complaint, as I had not seen the fight."

In defence, Carl Burns told his worship that he had known the complainant three or four months before but that the latter would not speak to him of late. He said that he had heard the "dirty remark" spoken but did not know who said it. He denied hitting Mr. Gibson first and stated that the latter had shoved him back against a parked car before he struck him.

Both Norman and Garfield admitted being in the fight but denied striking Mr. Gibson. "They said that I passed the remark," stated Norman Burns. "If I did I don't remember."

"It was a cowardly thing to do," commented his worship. "There were three of you against this man. I have no use for men that do that sort of thing."

Magistrate McIlveen fined the defendants \$5 each and costs of \$5.20 each.

His worship remanded for one week Walter Thompson, Aurora, charged with careless driving on Main St., Newmarket, and with having bad brakes on his car. He pleaded not guilty to both charges.

According to Chief Constable James Sloss, he had received a telephone call on the morning of June 20 that a car had broken off a Hydro pole on Main St. When he arrived at the scene the car had gone. He located it late in the afternoon parked in front of the theatre on Main St. and waited until the defendant came out of the theatre. The officer stated that Mr. Thompson told him that the car had "given a lurch and hit the pole." He estimated the damage to the Hydro pole at \$16.

In the witness box the defendant denied that his car had hit the pole and said that the marks on it were there when he bought the car. Asked by the crown, N. L. Mathews, K.C., why he had told the officer that the car had "given a lurch and hit the pole," Mr. Thompson denied that he had said any such thing.

"Then the police officer is per-juring himself when he says that you told him that your car had 'given a lurch and hit the pole'?" asked the crown.

"Yes," replied the defendant. He stated that another car passing had been in a slight collision with his car but that he had not hit the pole.

Asked why he did not report the accident to the police officer, Mr. Thompson stated that he had been looking for the police.

"Why didn't you go around to Mr. Sloss' house?" asked Mr. Mathews.

"Because I couldn't, aren't you supposed to be conserving gasoline?" replied the defendant.

"You couldn't drive around to the officer's house, yet you could drive down to Aurora after the accident and back to the theatre in Newmarket?" questioned Mr. Mathews.

Wilfred Welch, Aurora, brother-in-law of the defendant, testified that the marks on the car showed that the Walter Thompson car had "never hit the pole." Asked by his worship if he were present at the time of the accident, the witness acknowledged that he had not been.

"What makes you think that you are an authority?" asked his worship. "I'll take Chief Sloss' evidence before I'll take yours."

Magistrate McIlveen remanded the accused for one week in order that the crown may produce witnesses, who were unable to be present.

"I think the accused should be charged with perjury," commented the crown. His worship agreed that the case was a serious one.

His worship found William Thompson, Aurora, brother of the previous defendant, guilty of vagrancy and fined him \$12.75 including costs.

Chief Constable James Sloss testified that on June 20, when he had taken Walter Thompson's car off the road, William Thompson had complained about it, and he told him that he would see him at the police station. The officer stated that later, at about 8.15 p.m., William Thompson, who was riding a bicycle, drove alongside his car near the theatre on Main St. and called him names and was abusive. The officer stated that a crowd of people had gathered outside of the theatre at the time.

When called to the stand the defendant denied that he had called the police officer names.

An 18-year-old Queensville youth learned the severity of the law on Tuesday when Magistrate McIlveen sentenced him to 60 days in jail. The youth was charged with stealing car keys and valuable documents, the property of James Forsyth, Queensville.

According to Mr. Forsyth, he had employed the youth on his farm from April 2 to June 11. After the defendant had left his employ, he found the keys which had been hanging in the garage and a number of hog and gas receipts missing. He stated that the receipts were valuable to him as he could collect a rebate on them. He notified the police.

The witness stated that the youth at first denied taking the keys. Later he admitted picking them up but said that he could not remember where he had put them. The witness stated that the defendant had been borrowing his bicycle, going out of an evening and staying late. He stated that he had locked the bicycle in a room and that the boy had tried open the window to the room.

In the witness box the youth denied knowledge of the keys. He admitted being on probation and not living up to the terms laid down. He said that he had pried the door open in order to get in

to hold them back but couldn't," he stated.

When called to the witness stand Miss Erma Morning, Aurora, testified that she had been one of the girls conversing with the complainant when the three brothers attacked him. She stated that she saw Carl strike first.

According to Miss Vanetta Maaten, Aurora, she also was talking to Mr. Gibson when Carl struck him. "When he (Mr. Gibson) was down, one of the Burns boys kicked him," she stated.

His worship found William Thompson, Aurora, brother of the previous defendant, guilty of vagrancy and fined him \$12.75 including costs.

Chief Constable James Sloss testified that on June 20, when he had taken Walter Thompson's car off the road, William Thompson had complained about it, and he told him that he would see him at the police station. The officer stated that later, at about 8.15 p.m., William Thompson, who was riding a bicycle, drove alongside his car near the theatre on Main St. and called him names and was abusive. The officer stated that a crowd of people had gathered outside of the theatre at the time.

When called to the stand the defendant denied that he had called the police officer names.

An 18-year-old Queensville youth learned the severity of the law on Tuesday when Magistrate McIlveen sentenced him to 60 days in jail. The youth was charged with stealing car keys and valuable documents, the property of James Forsyth, Queensville.

According to Mr. Forsyth, he had employed the youth on his farm from April 2 to June 11. After the defendant had left his employ, he found the keys which had been hanging in the garage and a number of hog and gas receipts missing. He stated that the receipts were valuable to him as he could collect a rebate on them. He notified the police.

The witness stated that the youth at first denied taking the keys. Later he admitted picking them up but said that he could not remember where he had put them. The witness stated that the defendant had been borrowing his bicycle, going out of an evening and staying late. He stated that he had locked the bicycle in a room and that the boy had tried open the window to the room.

In the witness box the youth denied knowledge of the keys. He admitted being on probation and not living up to the terms laid down. He said that he had pried the door open in order to get in

the house, as Mr. Forsyth had locked him out when he came home late.

According to County Constable William Hill, the defendant, who had been placed on probation in September, was supposed to report to him once a month for a year. He stated that he had not reported the last three months.

"These probations or suspended sentences are given for certain reasons," Magistrate McIlveen told the youth. "Evidently in your case it was your first offence. To earn it you must obey the terms laid down. You can be brought back at any time in the year. According to the officer you did not report. You were out late of night and now you have gotten into this trouble. There will be a conviction on this charge. I order you to do the rest of the suspended sentence in jail. You don't sign these things for fun." His worship cut the term to 60 days.

Found guilty of carrying in his truck a load 8,000 pounds in excess of the amount allowed according to his permit, James Rotling, Mount Albert, was fined \$40 and costs.

For not having 1942 license plates on his car Albert Arnold, Toronto, was fined \$5 and costs.

Pleading not guilty to the charge, Mr. Arnold told his worship that he had given up his business in Toronto and bought a farm near Pefferlaw. He said that he was selling the car in order to get the money to put on the farm. He had not been driving the car but was delivering it to the person to whom he had sold it. "I had no other means to get it there," he stated.

"It was in motion on the highway," stated his worship. "The law says it cannot be driven without license plates. You could have had it towed."

For entering a stop street at the corner of Main and Water Sts. in Newmarket, Clayton Vidian, Aurora, was fined \$1 and costs.

His worship remanded for one

week Gordon Hoste, Toronto, charged with dangerous driving and careless driving.
